SKILLS

- **Languages:** Kotlin, Java, JavaScript, C++, C, PHP, Express
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, React
- **Tools/Platforms:** MySQL, MongoDB, Android Studio
- **Soft Skills:** Team Management, Adaptability, Ambitious

TRAINING

Cipher Schools – Summer Training

May 2024 - Jul 2024

Apprenticeship – Intern

- Gained hands-on experience in full-stack web development, building dynamic and responsive web applications.
- Worked on MongoDB for database management, Express.js to build **RESTful APIs**, React.js for creating interactive **UIs**, and **Node.js** for server-side scripting.
- Developed and deployed a **fully functional e-commerce web application** as part of the internship project, implementing a complete end-to-end solution using the MERN stack.
- Wrote **Angular unit test cases** using **Jasmine framework** to validate the **responsiveness of the grid** on different resolutions, evaluate the **functionality of row grouping and data filtering code**, and verify the **accuracy of API calls to the database**. Gained hands-on experience in debugging, version control (Git), and collaborative development practices.

PROJECTS

Jewelry website | MERN Stack, Responsive Web Design

Jul 2024 - Dec 2024

- Developed an e-shopping platform wherein users can buy different ornaments such as necklaces, earrings, etc. It offers **user-friendly interface, advanced admin dashboard**, book store visit and more unique features.
- Provided dynamic data from MongoDB, responsive design, dynamic pagination based on data, and developer REST APIs for insertion, retrieval, deletion of data, user authentication, individual user data storage, and for other advanced tasks.
- Applied MERN stack knowledge successfully to create a fully functional MERN stack website. GitHub Repository Link: https://github.com/tarun-954/jewellery_client_website

Project Pre-order System | Handlebars, bootstrap, UI UX

Mar 2024 - Jun 2024

- Withheld the hustle and bustle of academic life, finding time to grab a meal can often be a challenge within 1hr. Recognizing this **need for convenience and efficiency**.
- Struggled to find time to wait in **long lines during peak hours**, time waiting to place orders, receive their food, and pay for their meals, inconvenient to physically visit food stalls in busy periods/inclement weather.
- Implemented a pre-order system that allows users to place their food orders in advance, **reducing the need to wait in long lines**. Improved Efficiency, **Flexible Pickup Times, Flexible Locations**, Diverse Menu Options from Multiple Food Stalls. GitHub Repository Link: <https://github.com/tarun-954/pre-order-system>

CERTIFICATES

- Cloud Computing Nptel – [Certificate Link](#) Oct 2024
- Algorithm Coursera – [Certificate Link](#) Nov 2023
- Programming in C++: A Hands-on Introduction [Certificate Link](#) Nov 2023

ACHIEVEMENTS

- **Silver medalist Weapon handling** Oct 2024
700+ Participants from 12 colleges and 26 schools!
- **Winner Inter-Platoon Competition (NCC)** Jan 2025
Gold Medal in Cultural Event, Silver Medal in Volleyball, Bronze Medal in Football, 1st Runner up in Tug of War
- **3rd in inter-School Science innovative model competition.** Oct 2016
Participants among 10+ schools i.e. 200+ students
- **Honored with best Event organizer (GRAMIN SAMAJ SEVA ASSOCIATION)** Jul 2023
For excellent performance and best event organizing skills, Team skills

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.60** Since Aug 2022
- **Government Senior Secondary School** Daroh, Himachal Pradesh
Intermediate; **Percentage: 80%** Apr 2020 – Mar 2021
- **Rainbow world School** Bhawarna, Himachal Pradesh
Matriculation; **Percentage: 76%** Apr 2018 - Mar 2019
